LUGANO DIAMONDS

Exotic and colorful, Lugano's pearls exude charm. These gray examples are set in contrasting blue-titanium earrings outlined in tiny diamonds (above), and the rare pink conch-pearl earrings (left) are surrounded by smaller orangey-red conch pearls and diamonds. Prices upon request (luganodiamonds.com).

NIKOS KOULIS

Detailed geometric patterns are defined in gray pearls and diamonds in Nikos Koulis's striking lariat necklace (left). Small gray pearls are juxtaposed with these large, gleaming hoop earrings in 18-karat gold and diamonds (right). Prices upon request, (available at Bergdorf Goodman, bergdorfgoodman.com).
